Payment of Accounts

Each student is responsible for seeing his/her account is **paid in full prior to** the first day of classes each semester. Accounts not paid in full 30 days after the first day of classes will automatically be placed on the payment plan.

The financial aid portion of a bill may be deferred if all paperwork has been properly completed and filed with the office of student financial services at least 30 days prior to the beginning of classes. Students who register late or do not comply with the requirement regarding financial aid must pay their accounts in full and may reimburse themselves from their accounts after financial aid has been received.

For those who wish to pay their balance due in installments, the college has contracted with Tuition Management System (TMS) to set up and collect these accounts. Accounts whose balance is covered by TMS contracts will be considered paid as long as the TMS contract is current.

Your registration may be invalidated and you may be dropped from the college if your account is not paid in full by the first day of classes each semester. In addition, past due balances will be charged interest at the rate of 18% APR.

Tuition Refunds

Sixteen-Week Classes:

- A course dropped during the first week (seven calendar days) of a 16-week semester will receive a 100% refund.
- During the second and succeeding weeks, the refund is reduced by 25% each week.
- After the fourth week, no refund is granted.

Eight-Week Classes

- A course dropped during the first week (seven calendar days) of an eight-week session will receive a 100% refund.
- During the second and succeeding weeks, the refund is reduced by 25% each week.
- After the fourth week, no refund is granted.

May Term and Summer Session Classes

- A course dropped after the first meeting will receive a 100% refund.

- After the second and succeeding meetings, the refund is reduced by 25% each class.
- After the fourth class, no refund is granted.

Four-Week Classes

- A course dropped after the first meeting, and before the second, will receive a 100% refund.
- No refund is granted after the time period listed above.

Classes Meeting Less Than Four Weeks

- No refund is granted on the first day of class or later.

Organizational Management

- The student receives a 100% refund when a module is dropped prior to the start of that module. No refund is granted after the module has begun.

Other Refunds

Board refunds are based on the number of full weeks left in the semester. The weeks left will be pro-rated against total semester costs for board. After the remaining pro-rated charge for board is figured, 90% of this amount will be refunded. Room, health insurance and other fees – no refund is granted.

A student leaving college during a semester may be required to refund money previously accepted from financial aid programs if it was awarded in advance.

Military Call-Up Refund

Students called to active duty in the Armed Forces of the United States will be allowed to withdraw from courses in which they are currently enrolled at Bethel without penalty and receive 100% refund of tuition and fees upon presenting an official copy of their military orders to the office of the registrar. This must be done at the time a student must stop attending classes. For boarding students the cost of room and board will be reimbursed based on a pro-rated basis (weekly). Students may, with the permission of the appropriate instructor, the division chair and the academic dean, exercise one of two further options: accept grades that could be earned in one or more courses at the time of their call if sufficient work had been done at a level to warrant a passing grade for the term; or exercise the Bethel incomplete grade option for one or more courses. Any incomplete must be finished by the end of the next semester. A tuition refund will not be given for those courses in which credit is earned.

Drop Policy

A student “drops” a class during the first week (seven days) of a semester or session by submitting the *Special Registration* form to the Registrar’s office. The course is not listed on the academic record when the class is dropped within this period. Consult refund schedule.

Late Registration – Add/Drop Fees – Withdraw Dates

Late Registration Fee

FINANCIAL INFORMATION

A Late Registration of \$40 will be charged on all registrations received beginning one week prior to the start of the semester. For example: if classes begin on Monday, late registration charges begin on the preceding Monday.

Add/Drop Fee

An Add/Drop fee of \$25 will be charged on all course changes taking place beginning one day after the first day of classes. The \$25 fee will be assessed on each Add/Drop form submitted. Multiple classes can be changed on one form. Subsequent registration changes will be charged an additional fee of \$25 for all classes on that new form.

Last Day To Withdraw From School

Students “withdraw” from a class by the designated date to receive no grade for the class. The course is listed on the academic record as a “W” and does not affect the student’s GPA. Consult refund schedule. After the last date to withdraw has passed, a student may not withdraw from classes regardless of when they last attended. The student will receive the grade earned.

Semester-long Classes: The last day to withdraw from a class is the 11th Friday from the start of classes.

Seven-week Classes: The fifth Friday after the first day of school is the last day to withdraw from classes.

The last day to withdraw from classes offered on different academic calendars will be on the day closest to 2/3 of the way through that session. For example, May Term meets for three weeks for a total of 15 sessions. The last day to drop a class would be Friday of the second week. The last day to drop a summer class that meets for 14 sessions would be on the ninth day. The last day to withdraw from a three day graduate class would be on the second day. All unique academic schedules would follow the 2/3 rule.

No-Show Refunds

A student who does not attend any classes registered for in that semester will be granted a 100% refund of tuition paid. Each adult eight-week session will be considered separately when applying tuition and no-show refunds. Students who do not attend any classes in one course but do attend one class or more in that semester will not be considered a no-show and will be subject to the applicable refund schedule.

Bethel College Title IV and Indiana State Grants Refund Policy

Students who receive Title IV funds and/or Indiana state grants for an enrollment period and then subsequently withdraw from school might possibly owe a refund to the Title IV Programs from which they have received funds.

After the dollar amount of a refund is determined, using the refund policy established by the college, a refund worksheet is completed by the office of student financial services to determine the amount of money that must be returned to Title IV, state and institutional aid programs.

The Title IV portion of a refund is repaid to the various programs from which the funds were awarded. The repayment is allocated, using the following fixed priority:

1. Stafford Student Loan
2. Perkins Loan
3. PLUS Loan
4. Pell Grant
5. FSEOG

If the Title IV portion of the refund is large enough, the entire amount of an award received is first returned to the highest priority program from which an award was made. The full amounts are similarly returned to each awarding program in priority order until the refund amount is exhausted.

Financial Aid

While the financial responsibility for a college education rests primarily with the student and parents, Bethel College is committed to helping students find the financial resources to assist in paying their college bill.

All students seeking assistance must complete the Free Application for Federal Student Aid (FAFSA) to determine qualification for federal or state assistance programs. These forms are available from the college office of student financial services and most high school guidance offices.

Each year, Bethel College awards to needy students over \$5,000,000 of institutional funds in the form of scholarships, grants and loans.

Financial Need

Financial need is the term used by the office of student financial services to determine a student's eligibility for many state, federal and institutional financial aid programs. Financial need is calculated by subtracting the family contribution from educational costs.

The family contribution figure is determined by the information that is provided on the Financial Aid Form. The educational cost figure is determined by the office of student financial services. This figure includes the college costs for tuition, fees, and room and board charges. In addition, the office of student financial services estimates the miscellaneous expenses that a student might encounter during the academic year. These expenses are as follows:

Books and supplies	Up to \$1,500
Transportation	Up to \$1,500
Living expenses	Up to \$1,500
Housing (off-campus students)	Up to \$7,000

Satisfactory Academic Progress

Students receiving financial aid must maintain good academic standing with the college in order to qualify for continued financial awards. To maintain eligibility for Federal Title IV and/or other college-administered financial aid assistance, the following conditions must be met:

1. A student enrolled full time (12 hours per semester) must earn at least 24 credit hours per 12-month period. A student enrolled three-quarter time (9-11.5 hours per semester) must earn at least 18 hours per 12-month period. A student enrolled half time (6-8.5 hours per semester) must earn at least 12 credit hours per 12-month period. Credit hours completed during summer enrollment are counted toward fulfillment of the above requirements.

Example: *A full-time student completes 23 of 24 hours during the fall and spring terms. The student enrolls in and passes three hours during the summer term. These three hours are counted toward the preceding fall and spring term.*

2. A student who changes status within the 12-month period will have his/her status averaged (e.g., in the fall semester the stu-

dent is full time, then in the spring semester the student enrolls for half-time hours). The student would be considered a three-quarter time student for the year and would need to complete the appropriate number of hours for that status.

3. The normal time to complete a bachelor's degree is eight to ten semesters of full-time enrollment. A student is allowed a maximum of 12 semesters of full-time study and may receive financial aid up to this maximum. Students enrolled in fewer than 12 hours per semester, but at least six hours per semester, are expected to complete their degree requirements in proportion to the full-time requirements.
4. The student must be maintaining satisfactory academic grades. The following scale is used to determine satisfactory progress for all students:

SATISFACTORY	UNSATISFACTORY	DISMISSAL
2.0 or above	2.0 to 1.20	Below 1.20

Failure to meet the above criteria will place the student on academic probation for one semester. The student may receive financial aid while on probation, but not for more than two semesters during the normal eight to ten semester college career. The admission probation status is not considered as part of the two-semester probation rule.

5. Students who enroll in a course and are given an incomplete grade must complete the course requirements no later than the time grades are due the following semester. If the course is not completed, it is counted as hours attempted but not passed, and the criteria in Item No. 1 is applied.
6. Classes that a student enrolls in and withdraws from, receiving an authorized grade of W, are not counted as hours attempted. However, a semester of financial aid eligibility will have been used.
7. When an "F" is received for a course, that course may be repeated. Courses that are repeated will count in the calculation of hours attempted and completed hours earned if the student receives a passing grade. Only repeated courses taken at Bethel will affect the grade point average (GPA) and will include the new grade on the transcript. Thus, if a course is repeated at another institution, only the actual credit(s) earned will transfer in—not the letter grade.
8. A maximum of five noncredit remedial courses will be considered as successful completions, unless enrollment in additional courses is approved by the vice president for academic services.
9. An appeal process is available to students who wish to have a review of their circumstances and/or request an exception to any of the above conditions.
 - a. The request must be in writing, addressed to the Financial Aid Committee, stating the reasons that justify the request.

- b. The Financial Aid Committee will review the request and will respond through the director of financial aid.

 - e. The 3.0 G.P.A. must be maintained each successive semester thereafter.

FINANCIAL INFORMATION

Bethel Grants are awarded to students who show accomplishment or potential in a variety of areas, including drama, art, music, leadership and academics. The dollar amount for such grants ranges from \$500 to \$5,000.

Divisional Assistantships are awarded to upperclassmen for continued accomplishment in the student's major field of study. Under the assistantship program, the student provides service to the academic department from which he/she is receiving the award. Assistantships are renewable. Both the number and dollar amount vary from department to department. To apply for an assistantship the student must contact the appropriate divisional chairperson.

Athletic Grants are awarded in each of the college-approved sports for men and women. Number and dollar amount vary from sport to sport.

Missionary Church Pastor and Missionary Awards are given to single dependents (son/daughter) of ministers or missionaries currently employed full time by the Missionary Church. The student must select college room and board and be enrolled full time.

Christian Workers Grant is offered to single dependent sons or daughters of ministers or missionaries from any other denomination than the Missionary Church. The student must be enrolled full time. The dollar amount for this grant ranges from \$1,000 to \$2,000.

Missionary Church Scholarships are awarded to new students (Fall of 2006) who are active in the fellowship of a Missionary Church. Award value is \$1,200 per year for on-campus students and \$600 for off-campus. Students must submit a letter or reference from their pastor with the application for admission.

Pastor Billy Kirk Minority Student Awards are given to minority students based on student's academic record, essays and extracurricular involvement. Recipients must live in on-campus housing.

Church Matching Scholarship Program matches dollar for dollar a church scholarship awarded to a student. Maximum scholarship amounts vary with student's housing status. A separate application is required. Application deadline is June 1.

Family Grants are awarded to families who have two or more members enrolled as full-time undergraduate students at Bethel College. Only immediate family members and single dependent sons or daughters may qualify.

International Student Scholarships are awarded to students from countries other than the U.S. on the basis of academic ability, financial need and the mission of the college to prepare students for service in their own country. Award values vary.

Fine Arts Scholarships are awarded by the division of fine arts and require an audition or viewing. Dollar amounts vary. ***Contact the division of fine arts for additional details.***

Vernon Sailor Foundation provides interest-free loans to students. Recipients are selected on the basis of need. The loan program is repaid over a defined period of time which begins when the student leaves Bethel College.

Endowed Scholarship Programs—Through the generosity of private individuals, several endowed scholarship programs have been established. These awards vary in their selection requirements and dollar value. A listing of these scholarships is available from the office of student financial services.

Federal and State Programs

Federally Financed Programs of student aid administered by the college include the **Perkins Loan Program**, the **Supplemental Education Opportunity Grant Program** and the **College Work Study Program**. Eligibility for these programs is based on financial need.

Pell Grant Program is offered by the federal government to qualified students. Application is made through the FAFSA.

Frank O'Bannon Grant Program is offered by the State Student Assistance Commission of Indiana (SSACI) to Indiana residents who are enrolling full-time. Application is made through the FAFSA. *March 10 is the deadline for application.*

Federal Family Educational Loan Programs (FFELP) are long-term educational loans made by most lending institutions. Inquiry as to terms or repayment and eligibility can be made to the Office of Student Financial Services.

Additional Information

Two Award Policy—Students who are eligible to receive more than two institutional grants or scholarships will only receive the two largest dollar awards. This applies to all Bethel College assistance, excluding the Church Matching Scholarship and Family Grant programs.

Maximum Award Policy—In no case will a student be permitted to receive more in grant and scholarship assistance than actual school costs. For a student living on campus, school costs would include tuition and room and board. For a student living off campus, only tuition is counted as school costs. Grant and scholarship assistance used to pay school costs would include all institutional aid (including endowed scholarships), Indiana Grant aid, Federal Grant aid and private scholarships. For off-campus students, Federal Pell Grant funds will be permitted to be used for noninstitutional educational costs. Private scholarships which, when combined with institutional, state and federal grant aid, exceed school costs, will require an appropriate reduction in institutional aid.

Verification—Based on criteria established by the federal government, students who receive federal or state financial aid may be selected for verification. This process is designed to check the accuracy of the financial information the family provided when applying for financial aid. A copy of the student's and parent's income tax form, as well as a verification worksheet is required to complete the process. Additional information may also be required. In order to be considered for all financial aid, requested information must be submitted within 30 days of the college's written request. In no instance will verification information be processed beyond the student's enrollment period.

Outside/Private Scholarships—Any financial assistance that is received from sources other than federal, state or college must be reported to the office of student financial services. This includes private scholarships, veterans benefits, vocational rehabilitation benefits and fee reduction remission benefits. Adjustments may be made to your financial aid package if the additional assistance causes you to receive more financial aid than for which you are eligible to receive.

Appeals—Any questions or appeals concerning financial aid policy must be made in writing to the college Financial Aid Committee and submitted to the office of student financial services.

Final Semester Policy—Students who are in their final semester of enrollment prior to graduation and are enrolled less than full time (12 hours) may be eligible to receive institutional scholarships at a pro-rated amount. In general, the equivalent percentage
