Endorsements/Concentrations: Coaching, Driver Education,
Middle School

Transition To Teaching (see Graduate School)

TEACHER EDUCATION

The goal of the teacher preparation program is to develop teachers with the knowledge, skills and dispositions to be wise decision makers. The program is based on a conceptual framework that addresses:

1. The Nature of Learning.
2. The Nature of Teaching.
3. Values and Attitudes.
4. Content and Subject Matter Knowledge.
5. Professional Knowledge.

Admission to Teacher Education Program

To be admitted to the teacher education program, a student must meet the following requirements:

1. Have achieved sophomore status.
2. Have a minimum 2.50 grade point average on all college work.
3. Complete ENGL 101, 102 and EDUC 102 with a grade of "C-" or better.
4. Obtain at least the minimum scores currently required by the Indiana Professional Standards Board on the Praxis I, Pre-Professional Skills Test (PPST).
5. Complete Application for Teacher Education Program. Applications are due in October or February.
6. Be recommended by the faculty of the division in which the student plans to major.
7. Successfully complete the Teacher Education Interview, including an initial portfolio assessment.
8. Gain approval by the Teacher Education Committee.

The Professional Semester

The professional semester includes specific course work and a full-time student teaching experience in an appropriate school setting. Students may complete their student teaching during either the fall or spring semester. Before beginning the professional semester, the student must meet the following requirements.

1. Have achieved senior status.
2. Maintain at least a 2.50 grade point average.
3. Complete all prerequisite education courses with a grade of "C-" or higher.
4. Submit an Application for Student Teaching in the year prior to student teaching.
5. Be recommended by the faculty of the division in which the student has a major.
6. Successfully complete the Student Teaching Interview.
7. Have the professional portfolio approved at the end of methods course(s).

Grades of "C-" or above must be earned in all professional education courses and in all courses required for specific areas of licensure. This includes any General Studies courses included in a major. Students with a GPA of less than 2.0 are ineligible to enroll in any education course without the written approval of the director of Teacher Education.

Pass Rates on Required Licensure Tests

Forty-seven individuals completed the undergraduate teacher preparation program during the 2003-2004 year and took licensing tests. Of those taking tests before August 31, 2004, 96% passed all basic skills tests, 94% passed their content area tests and 94% passed all the required tests they took.

NOTE: All tests required for teacher certification must be passed prior to graduation for education majors.

Teacher Education Programs

Bethel College offers state and NCATE accredited programs leading to standard (initial) licensure. The following list indicates the areas that licensure is available, the magnitude of the program (major, minor, endorsement) and the school levels of licensure. Students who seek licensure in

Indiana are advised that, in addition to completion of one or more of these programs, they must achieve satisfactory scores on the Praxis I and Praxis II prior to licensing.

The Education Resource Center (ERC) is a service of the Division of Education. More information is available on page 11.
