The goals of this school are that students shall:

1. Develop a style of service and ministry which cares for the full range of human needs.
2. Be equipped for immediate ministry vocations in churches, para-church organizations, etc., by balancing biblical and theological education with the practical skills necessary for ministry.
3. Have the necessary foundation on which to pursue theological education at the graduate level.
4. Develop skills in interpersonal relationships which reflect biblical values.
5. Learn how to study the Bible and to relate its message to today's world.
6. Be acquainted with the major philosophies and religious systems of the world.
7. Be especially prepared for ministry within the Missionary Church or the student's own denomination, with an awareness of the whole Body of Christ.

Double major general studies requirements:

For students who have a double major which includes Biblical Studies or Christian Ministries, those students would not be required to take the courses BIBL215 Old Testament Literature or BIBL216 New Testament Literature as part of the General Studies requirement for the other major. The content of the upper level BIBL courses in these two majors satisfies the content of both BIBL215 and BIBL216.

For students who have a double major that includes Philosophy, those students would not have to take PHIL250 Introduction to Philosophy because the upper level courses required for the Philosophy major satisfy the content of PHIL250.
